### DXCC HONOR ROLL

**ARRL DXCC - Honor Roll**

Il DXCC Honor Roll è rilasciato ai radioamatori che hanno mandato conferma di collegamenti fatti con tutti i paesi entro il livello di 10 dal massimo delle entità riconosciute dal DXCC, che erano 337 alla data in cui l'elenco è stato fatto e pertanto il livello richiesto per essere compresi nell'Honor Roll era 328.

La seguente è la lista degli italiani che fanno parte dell'Honor Roll.

Il numero segnato a fianco dei nominativi rappresenta il totale dei paesi lavorati, deleted compresi.

I partecipanti che risultano inattivi, con aggiornamenti precedenti al 1 gennaio 1994, sono segnalati in grigio.

Classifiche dettagliate e complete, modo per modo e banda per banda sono riportate sul sito [www.marioi2mqp.it](http://www.marioi2mqp.it)
