The dissolution of the Netherland Antilles has caused changes to the DXCC List.

As per the DXCC rules, the two Netherland Antilles DXCC entities will be deleted and moved to the Deleted Entities List.

Four new entities will be added to the DXCC List : (1) Curacao; (2) St. Maarten; (3) Saba and St. Eustatius; and (4) Bonaire. The event date and time for these changes will be 0400Z, 10 October, 2010. Confirmations for these new entities will be accepted for credit starting 1 January, 2011.

Other administrative changes and actions will be announced as they are finalized.

DXCC NEWS

Bill Moore, NC1L, ARRL Awards Branch Manager, reports that the following operations are approved for DXCC credit:

The following operations are approved for DXCC credit:

9Q50AR - Democratic Republic of the Congo (Club Station all operations)
9Q50ON - Democratic Republic of the Congo; 2010 Operation

If you've had credits rejected for these operations please send a note to dxcc@arrl.org. Results will appear in LoTW accounts, or, please view your numbers online on the live, daily listings at www.arrl.org/dxcc.

CQ COMMUNICATIONS, INC. NEWS RELEASE

Rich Moseson (W2VU), Editor, reports on October 13, 2010, for immediate release:

"Former Netherlands Antilles and CQ Awards and Contests

With several groups operating this week from the "new" DX entities created by the breakup of the Netherlands Antilles, questions have arisen regarding their status for CQ DX awards and contests. This announcement updates and supplements the preliminary announcement that will appear in the November issue of CQ magazine, which is already at the printer.

CQ DX Awards

Each of the five islands involved in the change of status retains its previous PJ callsign prefix (Curacao - PJ2; Bonaire - PJ4; St. Eustatius - PJ5; Saba - PJ6; and St. Maarten - PJ7). According to CQ DX Awards Manager Billy Williams, N4UF, the previous entities of the Leeward Islands (PJ2/PJ4) and Windward Islands (PJ5/PJ6/PJ7) Islands were deleted

Oct 15 2010

NBR. 407

as of October 9, 2010. Four new entities - Curacao (PJ2), St. Maarten (PJ7), Bonaire (PJ4) and Saba/St. Eustatius (PJ5/6) - became active on October 10, for a net gain of two DX entities. Confirmations for contacts made with the new entities will be accepted for CQ award credit effective immediately.

New Multipliers in the CQWW

The country multiplier list for the CQ World Wide DX Contest (SSB weekend on October 30-31; CW on November 27-28) is based on a combination of the ARRL's DXCC list and the DARC's WAE (Worked All Europe) list. Since the ARRL has also made the same changes, deleting the old Windward and Leeward Islands entities and adding PJ2 (Curacao), PJ4 (Bonaire), PJ5/6 (St. Eustatius & Saba) and PJ7 (St. Maarten) as four new entities effective October 10, these "new ones" will each count as separate country multipliers in the CQWW.

There is no need to worry if your own contest logging software is not updated, according to CQWW Contest Director Bob Cox, K3EST. 'In the end, the log checking software calculates final tallies anyway,' he notes, adding that the software 'is very up-to-date and reflects any status changes.'

DX Marathon Double-Dip

Competitors in the 2010 CQ DX Marathon will have a unique 'double-dip' opportunity in working the islands of the Netherlands Antilles for Marathon points. Those who worked any of the islands before 10/10/10, get credit for either the Windward or Leeward Islands, as appropriate. Hams who work them again on or after 10/10/10 will get additional credit for the new entities, providing a maximum of six country credits for working the islands in 2010."

T32 Press release

The Five Star DXers Association (FSDXA) is pleased to announce its next DXpedition, to Kiritimati (also known as Christmas Island, T32) to take place in September/October 2011. FSDXA, closely linked to CDXC (Chiltern DX Club), the UK DX Foundation, is the group which brought you the 1998 9M0C Spratly Islands DXpedition, the record-breaking 2001 D68C DXpedition to the Comoros and, subsequently, the 2004 3B9C Rodrigues and 2007 3B7C St.Brandon DXpeditions. Once again, Yaesu have kindly agreed to be Global Sponsor, and will be providing sixteen FT-5000 transceivers along with a similar number of Quadra VL-1000 linears. UK amateur radio retailers Martyn Lynch & Sons and Nevada are also committed to sponsoring the operation.

It is hoped that the callsign T32C will be allocated. The "C" in the callsign stands for "CDXC", the club from which the Five Star DXers Association was formed, and is also a reminder of the group's previous successful operations.

NBR. 407

As with previous FSDXA expeditions, this will be a major effort, with a target of more than 150,000 QSOs. There will be up to sixteen stations on the air, using amplifiers along with monoband beams and vertical dipole arrays, 24 hours a day, for almost four weeks, including four weekends, around the autumn equinox when DX propagation on all bands is typically at its best.

Our primary objective is to activate Christmas Island T32 with a view to giving as many DXers as possible a first contact with this rare DXCC entity and, as a secondary objective, to give as many band-slots as possible. While many experienced DXers have one or two contacts with Christmas Island, our focus, in addition to, making Christmas Island available to less well-equipped DXers, especially in Europe and the US East Coast, both of which are tough paths from the mid-Pacific, will be to help fill those missing band and mode slots, especially on LF and on RTTY.

Club Log shows Kiritimati as 36th most wanted DXCC entity by European operators and 61st most wanted worldwide. It is even more sought after on the LF bands.

A large number of amateurs from 13 different DXCC entities have already signed up for T32C, some for half the overall period, some for the whole operation. There will be 30 operators on site at any one time. Operator numbers have been determined to ensure that a full complement of stations can be manned whenever bands are open. Many of these operators have been with us before. All bring experience not only of operating (usually multiple modes, often with a contesting background) but in terms of other essential skills. For example, we will have two medical specialists, antenna, RF and software specialists, and a range of other skills which will be essential in mounting a major operation so far from logistical support.

At the time of writing, the team is expected to consist of 40 operators including: Falk DK7YY, Jens DL7AKC, Paul EI5DI, Dave EI9FBB, Gerard F2JD, Ian F5VKT/G3YBY, Michel FM5CD, Vincent G0LMX, Tony G0OPB, Nobby G0VJG, Don G3BJ, Neville G3NUG, Chris G3SVL, David G3UNA, Gordon G3USR, John G3WGV, Mike G3WPH, Don G3XTT, Mark G4AXX, John G4DRS, Nick G4FAL, Mike G4IUF, Justin G4TSH, Michael G7VJR, Clive GM3POI, Bob GU4YOX, Kazu JA1RJU, Jim KF7E, Bob MD0CCE, Bill N2WB, Arnie N6HC, Bob N6OX, Ronald PA3EWP, Pete SM5GMZ, Maury W3EF, Paul WF5T and Jay WX0B. It is also planned to take a young amateur, to gain valuable DXpedition experience, and sponsorship is already on hand to make this possible.

At this time we are seeking contributions from sponsors to help defray the very significant logistics costs of this DXpedition. For example, there is limited electricity on the island so generators will have to be shipped. Most equipment has to be shipped by container via Tarawa. The team will then fly out to Christmas via Honolulu. All team members will be covering their own travel costs and accommodation on the island, and making a contribution to other (mainly logistics) costs, but there will still be a significant shortfall.

Details of how to donate appear on our website (www.t32c.com) which is now live. PayPal donations may be made directly via the site. All donations will be acknowledged.

The logos of all DX clubs etc which have helped to sponsor the DXpedition will be shown on the QSL card, as will the names and call signs of those who make an individual contribution in advance of the DXpedition (subject, in each case, to a certain minimum amount).

This first Bulletin is intended mainly to alert you to our upcoming DXpedition. More information will be forthcoming in due course, and will be posted on our website (www.t32c.com) as it becomes available.

Don Field G3XTT, (don.field@gmail.com) (FSDXA Publicity Officer) 10 October 2010
