ZL9	Auckland	Nov 17 - Nov 30	VK2IR & VK3YP will be on as ZL9HR heading a group of nine	
-----	----------	-----------------	---	--

Operation approved by DXCC DESK

The following operation is approved for DXCC credit: Macao, XX9E, 2012 operation.

VK0H, HEARD ISLAND

"After 5 months of planning, Cordell Expeditions is pleased to announce a DXpedition to Heard Island, Territory of Australia, in early 2014. We have assembled a core team, arranged for the vessel, and are awaiting the landing permit and radio callsign. Initial team members, collaborating organizations, and other resources will be announced in the near future. The expedition will be multi-disciplinary, with three major activities: Communications, Environmental Science, and Documentation.

We will be active on all bands and all modes, implement a variety of innovative real-time communications technologies, and field a variety of scientific projects that are designed to observe and document some of the unique resources on this extraordinary island. We will use the latest version of DXA (www.cordell.org/DXA) for real-time online presentation of log data, images, and video from Heard Island. This project follows the very successful expedition to Heard Island carried out by this group in 1997. Details of that operation can be seen at www.cordell.org/HI. The website for the 2014 DXpedition is www.cordell.org/HD.

We invite your participation in this project, as a potential team member, supporter, or eventually as a callsign in our radio log! If you have a particular interest in Heard Island or may be interested in joining the expedition, we invite you to contact us. For information, please contact the Expedition Leader, Dr. Robert Schmieder at schmieder@cordell.org."

Rumors have been heard about a second expedition that is planned for 2013
