Call for donations for the LU6W DXpedition:

The German DX Foundation (GDXF) also supported the LU6W DXpedition, which activated the last South American IOTA group SA-096 for the first time a few days ago. The experienced crew with Cezar, VE3LYC, Johan, PA3EXX, and members of the Radio Club Puerto Madryn had to fight with many difficulties on Escondida Island. A team and a boat member were injured so that they had to return for medical reasons. The equipment on the island was secured provisionally and was a robbery of the heavy seas. The loss of multiple radios, antennas, a laptop and other equipment is very hard for the team. More details can be read at: <http://lu8w.yosalite.com>

The GDXF invites all who can and want to help the LU6W team with donations. All donations received will be forwarded and published.
