NBR. **543**

Over the years some applicants have had TI9CCC for Cocos Island rejected in their DXCC application mostly due to "Incorrect Date Period".

The issue with the dates for this operation have been resolved. If you had this operation rejected, and your confirmation falls within the dates noted below, send an e-mail to bmoore@arrl.org to be placed on the list for an update to your record.

TI9CCC – Cocos Island February 15 through February 28, 1984

The following operation is approved for DXCC credit:

**9G5EME - Ghana
2013 operation**

The following operation is approved for DXCC credit:

E51WL – North Cook Island

Note: The operator is a native there and his callsign was previously ZK1WL which was approved for DXCC previously so this is just a change in callsign. If anyone had this contact rejected in a recent submission send an e-mail to bmoore@arrl.org for an update to your record.

Special thanks to Andre Berzotti, PY5EW for his help to clear this up.
