K9W WAKE

W8GEX, sent out the following press release on October 1st:

"Due to the U.S. Government shutdown, The Wake Island K9W Forgotten 98's Commemorative DXpedition is now on hold pending a revised schedule. We will announce new dates for the DXpedition as soon as possible. Thank you for your patience and understanding....."

The K9W Wake Management team"

XROZR

There are now less than 30 days to our departure. The Team will start from Italy, of 6 November, and we plan to be active on the late evening of 8 November (GMT).

We will leave from Santiago, aboard two twin-engine Cessna and after about two hours, of adventurous flight, we land on the Juanfernandez airport. Arrived on island, we reach our location, in about two hours, aboard two boats, as there are no road links. The all if the weather conditions will be tolerant, and will allow us to meet the roadmap.

Compatibly to the location, we believe to be able to install 3 beams looking on the sea, two loops, one for 30 and one for 40 meters, other than the usual verical for 80 and inverted L for 160. Will also be installed a beverage of about 200 meters on the beach facing the sea.

We should have sporadic access to the Internet, and then try to send the logs to clublog, once a day. If for any reason this is not possible, do not panic, know that we will do so as soon as possible, and in any case the logs will be saved in 3 backup copies.

As always, we ask you not to make dupes QSOs, in order to give the opportunity for everyone to contact us in various bands and modes.

You can follow us like usually on :

Webpage : <http://www.juanfernandez2013.com>

Twitter : @XROZR

I'm sure we'll have fun together, and that we will have fun.
