## **K9W – Wake Island 2013 Operation**

**ZS8C and ZS8Z – Prince Edward & Marion Is.  
Current operation for 2013 through May 2014**

**73 es DX!**

**DXCC NEWS. Bill Moore, NC1L, ARRL Awards Branch Manager, reports: "This is a reminder to all DXCC program participants that the deadline for the 2013 calendar year ends on Tuesday December 31, 2013. In order to appear in the Annual Listing, published in the electronic version of the DXCC Yearbook, you must have your submission postmarked no later than December 31, 2013. Since the DXCC workload usually peaks around this time each year I recommend that applicants not wait until the last minute to get their submissions in. Besides being the heavy period for DXCC, keep in mind that it is also around the holidays so the post office can contribute to any delays in getting mail to DXCC." For more and complete details, see the DXCC Blog at: <http://www.arrl.org/dxcc-blog>**

**Awards Branch Manager**

**ARRL - The national association for Amateur Radio™**

**Sharon Taratula, Administrative Manager, states:**

**"The DXCC Department hasn't received complete documentation for the 5A1AL operation. DXCC operations require the license of the operation, evidence of authorization for landing, and/or proof of transportation and/or entry. A landing permit is generally issued by a government agency, and grants the person or group permission to enter certain areas for purposes including the operation of an Amateur Radio station. Proof of transportation and/or entry may be a statement by a boat captain or aircraft pilot, certifying that the persons involved were transported to the entity in question**
