FT5Z, AMSTERDAM ISLAND

(Update/Press Release - (November 26th))

Our sea container loaded with our pallets of equipment has arrived in New Zealand. The container had been unloaded and its contents placed in a bonded customs warehouse. It is ready for transportation by truck to the port of Tauranga.

The Braveheart will return from a mission to Raoul Island on December 6th, and be prepared to load our cargo shortly thereafter. Between December 9th and 14th the ship will be provisioned, undergo routine maintenance, and a main engine oil change. The Braveheart staff will fill our shopping list and put all dry provisions aboard the vessel.

The ship's crew will have been at sea or working for a long time, so they will take a vacation during the week of the 15th to the 21st. On December 23rd the Braveheart will take on fuel. On the 24th fresh produce (eggs, milk, fruits, vegetables) will be put aboard. The crew will spend Christmas day with their families.

On December 26th, at 1400 the Braveheart will depart Tauranga via New Zealand's North Cape, cross the Tasman Sea south of Tasmania, cross the Great Australian Bight past Albany, and then sail north up the western coast of Australia to Fremantle. This is a 3440 nautical mile voyage that will take 17 days.

The Braveheart is scheduled to enter the port of Fremantle on Monday, January 13th. The vessel will take on fuel and provisions on January 14th. She will clear customs and depart for Amsterdam Island on January 15th with our 14 team members and lots of radio equipment aboard."

VK9M, MELLISH REEF (Update From Press Release #4).

Team Mellish 2014 sent out a press release (#4) on November 30th. Excerpts from the release state, "Many activities are underway as planning continues for the Mellish Reef DXpedition scheduled for March 28, 2014, to April 9, 2014."

The team is happy to announce that Mike Shapiro, WA6O, joined the team. Mike, originally from Moscow, Russia, has lived in the USA for the past 22 years. First licensed as UA3AIW, he operated mostly from UK3ABF, UK3ACL, and other club stations in Moscow. In 1998, he received AD6GY and WA6O in 1999. He's a member of Northern California Contest Club, and 40m captain in N6RO contest team.

Also, joining the Pilot Team as the South American pilot Luciano Sampaio De Souza, PT7WA. Luciano entered ham radio in 1966, his first call was PY7VNY, and in 1977 he received PT7WA. He operates CW/SSB and has worked all but one DXCC entity on CW, the elusive P5. Luciano is also an IOTA enthusiast having over 975 islands confirmed. He is also the QSL Manager for several DXpeditions.

Many have asked, including the ARRL and most all major sponsors: "Do you have landing permission?" They have written approval to land on Mellish Reef from the Australian government. In July, they contacted the appropriate agency and asked for permission to use the reef. After about 5 weeks, and a few rounds of "Questions and Answers", the agency concluded (in writing) that they do not need a permit.

Signing on as a corporate sponsor is <FoldingAntennas.Com> whose "folding (hex) beam antenna" will join their antenna lineup. They are also happy to have both Elecraft and SteppIR as corporate sponsors. They mention that they began actively raising funds in October. The team is honored to have received significant recognition from: The Northern California DX Foundation (NCDXF), Oceania DX Group - Australia (ODXG), International DX Association (INDEXA), The Mediterraneo DX Association (MDXA), The Carolina DX Association (CDXA), Chiltern DX Association (CDXA), The German DX Foundation (GDXF), The European DX Foundation (EUDXF), The Lone Star DX Association (LSDXA), Southwest Ohio DX Association (SODXA), Northern California DX Club (NCDXC), and other organizations. They also began receiving assistance from individual DXers. With a total budget of 127,000(USDs), they certainly appreciate the recognition and look forward to hear from interested DXers, especially those that need Mellish Reef for an "All Time New One". Donations are welcomed through the Web site <vk9mt.com> or by check / money order in US dollars to: Mellish Reef 2014 DX-pedition, Gene Spinelli, Treasurer, PO Box 189, Divide, CO, USA 80814.

For their friends outside the USA please use PayPal or E-mail for wire transfer instructions at: info@vk9mt.com Also, for additional information about the DXpedition, please send E-mail to the above address.

The complete text of press release #4 will not be on their Web page until on or about December 8th, because their Webmaster is on holiday and does not have Internet access.

states will use W1AW, not W1ØØAW.

Bulletins and code practice transmissions during 2014 also will still use W1AW. Contacts with W100AW will be worth 100 points in the ARRL Centennial QSO Party. To help kick off the ARRL Centennial, special W100AW activity will begin at 0500 UTC on January 1, 2014 (midnight in Newington), and will include participation in ARRL's Straight Key Night; one CW station will use Hiram Percy Maxim's straight key. Activity will continue throughout New Year's Day.

FO/A, AUSTRAL ISLANDS DXPEDITION

A group of six operators from the UK will operate from the island of Raivavae (OC-114, DIFO FO-122, WLOTA 2581), in the Australs, from 20th March until 1st April, all bands CW, SSB and RTTY. The operators are Don G3BJ, Chris G3SVL, Nigel G3TXF, David G3WGN, Don G3XTT, Hilary G4JKS and Justin G4TSH. They plan to run up to three stations, each consisting of a K3 plus amplifier. Antennas will consist of various vertical systems on the beach. The team will upload logs to Clublog and, bandwidth permitting, will also be uploading to LoTW as the expedition progresses. QSLs will be handled by G3TXF and requests can be made directly or via the Clublog OQRS facility. After the DXpedition most members of the team will be attending the International DX Convention at Visalia. A website will be launched with further details once the callsign and other details are confirmed.
