9U4M BURUNDI DXPEDITION (Press Release #4)

. Mediterraneo DX Club (MDXC) sent out the following on September 6th [edited]: Great news especially for the lovers of digital modes. The international MDXC team is working to build the new DXpedition from Burundi with the callsign 9U4M, and will be on air also with the new FT8 digital mode. Called FT-8 (Franke-Taylor design, 8FSK modulation) will be another good way to catch the weak signals. As a matter of fact a weak signal mode that is not as sensitive to JT-65/9, but definitely something that will work when voice and CW will not.

We remind that the team will be on air from November 6th to November 17th, just on the banks of the Tanganyika Lake, Bujumbura, to operate 24/24 hours with 5 stations with a particular focus to low bands, WARC and "old and new" Digital modes.

Antonio, IZ8CCW (leader), and Gabriele, I2VGW (co-leader of the team), will share this new DXpedition with the others 18 members from eight countries. For any further news and updates please visit the official Web site at: <http://www.mdxc.org/9u4m>

Of course any donation and sponsorship will be very very appreciated by the entire team!

NBR. 766

PRESS RELEASE #3 — SEPTEMBER 13, 2017. 5L3BI

The wet season is in full force in Liberia this year. This makes any road travel tricky and potentially dangerous which in-turn has so far prevented Richmond EL2BG and Dickson EL2DT from making a 2nd recce trip to Baiyah island. The images shown depict current road conditions on the only road south to the small village opposite Baiyah island.

Since we believe roads conditions may never fully recover between now and the end of October, we have recently managed to (thankfully) reserve seats on a MAF (Mission Aviation Fellowship International) flight which will take most of the team directly to Greenville Sinoe airstrip. From there we will meet Richmond EL2BG who will have made the treacherous road journey south in his 4×4 vehicle. We cross fingers he makes the trip!

We are in constant contact with the local villagers and elders who still remember our project and are eagerly awaiting our arrival. We look forward very much to meeting them, too.

With the new and additional cost of flights to/from Sinoe region from Monrovia we do still seek generous donations from the IOTA and DX community. We are truly indebted to those generous donors and organisations who have supported 5L3BI thus far – it's much appreciated. Considering a donation? Please visit here: <https://af11new.com/support/>

In less than 2 months the activation of this brand new IOTA will have taken place. The excitement is rising!

It's likely a final news release will be issued prior to departure.

Vy 73 from 5L3BI team.

Contest, mainly from ARRL Bulletin & WA7BNM

**CWops Mini-CWT Test: 1300Z-1400Z, Sep 13 and 1900Z-2000Z, Sep 13
